

# California's Way of Dealing With the Unemployed

Railroad Fares Are Provided To Expedite Movement Of Unemployed Who Have Begun the March To Washington

San Francisco, Cal., March 7.—Pass them along is the plan on which California communities are dealing with General Kelley's army of unemployed now on its way to Washington D. C. and as a result the tourists are traveling in state.

It cost Contra Costa county \$709.50 in railroad fares today to ship the army to Benicia, Solano county. Benicia at once made preparations to send it on to Yolo and Sacramento counties. An appeal to the state railroad commission brought permission for the Southern Pacific to grant a reduced fare, but the railroad company itself refused to be a party to any plan for dumping a lot of undesirable on to unoffending communities, and the Solano county officials then agreed to pay first class fares, as had Contra Costa. There was a hitch while the railroad company rounded up cars to make up a special train, and the army camped at Benicia for the night with Adjutant General Forbes of the California National Guard on hand to see if there would be any need of calling out state troops to preserve order.

Contra Costa county was lavish in its hospitality. It distributed to the two camps of marchers 3000 loaves of bread, six quarters of beef, fifty sacks of potatoes, twelve sacks of onions a wagon load of fish, and tea, coffee and rice by the hundred weight.

Colonel Louis La Place attached to the staff of General Kelley, deserted last night and returned to San Francisco today to resume his place as a police detective. When the unemployed first invaded the city four months ago, La Place was detailed to join them, and his identity was hidden so completely that he returned today

with his head in bandages as the result of a beating given him by a deputy sheriff at Richmond yesterday when the army engaged in a riot. La Place says the army consists of 1172 officers and privates, and is growing daily; that it plans to divide in two divisions on reaching Kansas, one continuing on toward Washington, D. C., by way of Kansas City and the others by way of Omaha. Some of the members, he says, are workmen who were lured from good positions and the rest he declared to be incurable vagrants with no thought of looking for work. The leaders he says are all professional agitators.

During this week the Richmond High School debating teams will meet the High School teams in two debates one in Hyrum and one in Richmond. The question under discussion is: "Resolved that the new tariff bill desecrates against the west in favor of the east." The affirmative side of the question is upheld by LeRoy Funk, Evelyn Thompson and Keith Merrill, while the negative is handled by Eliza Stoddard, Wilford Merrill and Kenneth Merrill. A lively preliminary debate was held in Devotional exercises on Monday. The exact date of the debate to be held in Richmond is not known yet but it will be advertised in the near future.

The regular Commercial Club meeting will be held in the club rooms on Tuesday night at eight p. m. sharp. A large attendance is expected as there is some important business to be discussed by the club members at that meeting.

The boys of the Richmond High school are limbering up for the baseball season. It looks as if they would have a good team as they have some good material to pick from this year. From present indications the contention for the places on the team will be very strong as there are a number of persons trying out for the different places.

The fine spring days are causing a lot of unrest among the auto owners as they are very anxious to get out with their machines and sun themselves. Already a few have been out trying their engines and taking spins. From present indications the roads will be in fine shape for autoing in a few days if we do not get any more storm for a little while.

Mr. H. B. Skidmore of Salt Lake City is visiting with his daughter, Mrs. H. B. Webb. Mr. Skidmore will be remembered by the Richmond people by his characteristic smile and happy disposition. Although well along in his eighties Mr. Skidmore gets around as spry and easy as a person much younger usually does. During the past few years Mr. Skidmore has spent his time visiting with his children in Utah and Idaho.

Quite a number of Richmond citizens attended the funeral of Mr. Knipple in Smithfield last week. Mr. Knipple was well known in Richmond having been in the flour mill business in and near Richmond for a number of years. At the time of his death he was working at the Gilt Edge Roller Mills but was to have quit on the day that he passed away. He was calculating to retire from milling as he realized that he was getting too old for that work any longer. The sympathy of the whole community goes out to Mrs. Knipple and her daughter.

Miss Lucy Webb and J. Barnes rendered a splendid duet on the piano. Special mention should be made of the excellent banquet prepared and served by Mr. and Mrs. J. R. Murdock. This was handled in a manner that they can be justly proud of. After the banquet dancing was indulged in until a late hour. The members of the club are now anxiously looking forward to the next annual banquet.

## GEORGIA KISSES ARE VERY COSTLY

Jail Man Who Greets Unwilling Wife Schoolboys Fined Too

Savannah, Ga., March 4.—That a man has no right to kiss his wife against her will was decided by Recorder J. Schwartz in police court, when he sentenced Morgan Martin to thirty days in jail for displaying affection for Mrs. Martin against her protest. Mrs. Martin had instituted suit for divorce.

Because three of their number had stolen a kiss each from Miss Mary Ogleshee, 17 years old, a schoolmate, five young men of Pooler have been sentenced by the mayor to pay fine and two of them are in jail.

## Habeas Corpus Writ Denied

Trinidad, Colorado, March 7.—In a verbal decision rendered at the opening of the district court yesterday morning, Judge A. W. McHendrie denied the writ of habeas corpus for Mother Mary Jones, the noted woman strike leader held under military guard at the San Rafael hospital and remanded the prisoner to the custody of the respondent in the action, General John Chase, commander of the state militia in the strike zone. The ruling of the court was brief. Immediately upon hearing the decision Attorney F. W. Clark, local counsel for the United Mine Workers, asked for

and was granted sixty days to prepare a bill of exceptions to be submitted to the supreme court.

The court in its ruling today upheld the powers of the military authorities in arresting and detaining the petitioner under specific instructions from Governor Ammons who in order to General Chase declared the woman to be a dangerous person and one likely to incite riot or disorder. The attorneys for the petitioner will now submit the case on appeal to the supreme court, which a short time ago denied an original application.

## Diaz Seeks Hearing In Foreign Land

Washington, March 7.—Felix Diaz, nephew of Porfirio Diaz the exiled dictator and the man who wants the United States to approve a new revolution under his leadership which, he says will overthrow Huerta and restore peace in Mexico, waited in the Capitol today, hoping to get a hearing before the senate foreign relations committee. Although some senators pronounced his proposals preposterous, and were against giving him a hearing, others, contending the senate should get all the information available on Mexico were in favor of hearing him.

Diaz and his two followers, Pedro Del Villar and Cecilio Ocon were registered at a downtown hotel under assumed names, making every effort to elude questioners. Their families still live in Mexico and they fear for their safety if some of their startling statements to the senate committee should be published. Diaz was registered as M. H. Orton of New York. His companions were registered under American names, as coming from Fort Worth, Texas.
